AGE PENSION RATES

QUESTION: What is the maximum rate of pension?

	Per week	Per Fortnight	Per Year
Single Pensioner	\$450.40	\$900.80	\$23,420.80
Pensioner Couple (each person)	\$339.50	\$679.00	\$17,654.00

These amounts exclude the Pension and Energy Supplements which pensioners may receive as an additional payment to the base pension.

The next pension rate review will occur in September 2022

QUESTION: What is the Pension Supplement?

ANSWER: A pension supplement is added to the regular fortnightly payment made to the recipients of Age Pension, Carer Payment, Wife Pension, Widow B Pension, Bereavement Allowance, Disability Support Pension (except if aged under 21 without children) and to certain other income support payment recipients if the person has reached Age Pension age. The maximum Supplement combines the value of Telephone Allowance, Utilities Allowance, the GST Supplement and Pharmaceutical Allowance. It is currently \$72.70 per fortnight for singles and \$109.60 per fortnight for couples combined.

QUESTION: What is the Energy Supplement?

ANSWER: An Energy Supplement is added to the regular fortnightly payment. The Energy Supplement for Age Pensioners is currently \$14.10 per fortnight for singles and \$21.20 per fortnight for couples combined.

QUESTION: When will my pension be paid?

ANSWER: Pensioners can choose which weekday they are paid. Members of a couple are paid on the same day, unless special circumstances apply.

QUESTION: Is my pension affected if I travel overseas?

ANSWER: Depending on the payments or concessions you are receiving, there are different rules covering how travelling outside of Australia will affect you. If you are leaving Australia to live or travel overseas, you should always find out how your payments could be affected. Please contact Centrelink to discuss your individual circumstances.

PENSION AGE

QUESTION: From what age can I receive the Age Pension?

ANSWER: See Table Below

Men and Women Born Between	QUALIFYING AGE
1 July 1952 and 31 December 1953	65.5
1 January 1954 and 30 June 1955	66
1 July 1955 and 31 December 1956	66.5
1 January 1957 and later	67

RENT ASSISTANCE

QUESTION: How much assistance can I get to help pay my rent or lodgings?

ANSWER: Before rent assistance becomes payable, a minimum amount of rent must be paid. See table below

	Single Pensioner (per fortnight)	Pensioner Couple (per fortnight)
Maximum Rent Assistance	\$145.80	\$137.40
Minimum rent paid to be eligible	\$130.20	\$210.80
Maximum Rent Assistance paid when your rent is more than...	\$324.60	\$394.00

Note: Rent Assistance is not paid to people paying rent to a State Government Housing Authority. Special rules apply to single sharers, people paying board or those living in a retirement village.

CENTREPAY

QUESTION: What is Centrepay?

ANSWER: Centrepay can assist pensioners with paying bills by setting up an automatic deduction from your pension each fortnight for bills such as rent, electricity, gas and rates. Centrepay is entirely voluntary and free for pensioners. Contact: 132 300 for further information.

INCOME TEST

QUESTION: **How much extra income, as well as my pension, can I receive before I start losing my pension?**

		Per Fortnight	Per Year
Pension starts reducing when income is more than..	Single Pensioner	\$180.00	\$4,680.00
	Pension Couple (combined income)	\$320.00	\$8,320.00
Pension cuts out completely when income is more than..	Single Pensioner	\$2155.20	\$56,035.20
	Pension Couple (combined income)	\$3297.60	\$85,737.60

- *Figures may be higher for couples separated by illness or receiving rent assistance*

QUESTION: **What happens if my income is greater than \$180 allowable income (\$320 Pensioner couple) in any fortnight?**

ANSWER: Income over these amounts reduces the rate of pension payable by 50 cents in the dollar for single pensioners and 25 cents in the dollar for each member of a couple.

QUESTION: **What happens if I also receive an overseas pension?**

ANSWER: A pension from another country is included as income and must be converted to Australian dollars for the income test. The exchange rates are updated at the start of each month. The 24 hour Information Service can be contacted on 1800 050 041.

If you receive an overseas pension, the way this income is assessed may be modified depending on whether the country paying your pension has an international social security agreement with Australia. To find out more about how your overseas pension is assessed, you can call Centrelink International Services on 131 673.

ASSETS TEST

QUESTION: Which assets are included in the Assets Test?

ANSWER: Property and items you or your partner own or have interest in, including assets held outside Australia, can affect your payments. Assets that are exempt from this rule are:

- your principal home and generally up to 2 hectares of privately used, surrounding land on the same title as your home. In some cases, rural customers and primary producers with larger properties on the same title may be exempt
- some income streams depending on their purchase date
- all Australian superannuation and rollover investments not in the drawn down phase in an approved fund until you reach age pension age
- any property or monies left to you in an estate which you are not yet able to receive, generally for a period up to 12 months
- a cemetery plot and either a prepaid funerals or up to 2 funeral bonds that cost no more than the allowable limit
- aids for people with disability
- monies received from the National Disability Insurance Scheme to provide for the needs of people with disability
- proceeds from the sale of your principal home you intend to use to purchase another within 12 months. The funds will be used in the calculation of your financial assets to determine the deemed income under the deeming provisions
- most compensation or insurance payments for loss or damage to buildings or personal effects
- accommodation bonds paid on entry to residential aged care
- first home saver accounts
- your former principal home if you entered aged care and are paying or liable for an accommodation charge and your former home is rented out
- any life interest, reversionary interest, remainder interest or contingent interest unless it was created by you, your partner or at the time of death of your partner
- a Special Disability Trust if it meets certain requirements and does not have assets over the concessional asset limit
- your principal home if you temporarily vacate it, for up to 12 months, and granny flat rights where the amount transferred for the right was more than the extra allowable amount

QUESTION: If I own the home in which I live, what value of assets can I have before my pension is affected?

	Singles	Couples
Pension starts reducing at..	\$270,500	\$405,000
Pension cuts out completely at..	\$599,750	\$901,500

- *Figures may be higher for couples separated by illness or receiving rent assistance*

QUESTION: If I do not own the home in which I live, what value of assets can I have before my pension is affected?

	Singles	Couples
Pension starts reducing at..	\$487,000	\$621,500
Pension cuts out completely at..	\$816,250	\$1,118,000

- *Figures may be higher for couples separated by illness or receiving rent assistance*

QUESTION: How much does my pension reduce when my assets are more than the minimum limit?

ANSWER: Your pension will reduce by \$3 per fortnight for every \$1,000 of assets you own over the asset free area.

QUESTION: I have some assets and some income. Which test will be used?

ANSWER: Your pension will be calculated under both the Assets Test and the Income Test.

QUESTION: Can I give some of my assets away?

ANSWER: Yes, you can give away money or other assets to any value you choose. However, gifts which are of more value than the allowable gifting limit may affect the rate of pension or allowance you receive.

If you gift assets of more than \$10,000 in a single financial year, or more than \$30,000 in a five (financial) year rolling period, the amount gifted is added to the total value of your financial investments for five years. You must tell Centrelink about any gifts or transfers within 14 days of when they have occurred.

QUESTION: What can I do if I'm in a situation where I do not have any income, and would suffer considerable loss if I sold my assets?

ANSWER: Ask Centrelink about hardship provisions, or whether you can obtain the pension as a loan under the pension loan scheme.

MONEY INVESTED

QUESTION: What is "deeming"?

ANSWER: Deeming is used by Centrelink as a way of assessing income from your financial investments. Centrelink's deeming rules assume that your investments are earning a certain amount of income, regardless of the income they actually earn.

QUESTION: What is regarded as a financial investment?

ANSWER:

- Bank, building society and credit union accounts
- Term deposits and debentures
- Friendly society bonds
- Managed investments
- Listed shares and securities
- Shares in unlisted public companies
- Gold and other bullion
- Certain income streams, eg short-term asset tested income
- Approved deposit funds, deferred annuities and superannuation fund investments held by people over 65+
- Loans, including those to family trust and companies
- Gifts of money or other assets of more than \$10,000 per financial year, or more than \$30,000 over 5 financial years.

QUESTION: If my only source of income is from financial investments, how much can I have invested before I start losing some of my pension under the income test or 'deeming' provisions?

Single Pensioner	\$255,644
Pensioner Couple (combined income)	\$448,899
<i>Note: These figures are based on deeming rates mentioned previously and apply only if you have no other income. Rates will also change if you have dependant children</i>	

QUESTION: **What if my investments earn more than the deemed rates?**

ANSWER: The deeming rules create incentives for you to earn more income from your savings. If you respond to the deeming rules by investing to get higher returns, your total income will increase. If your financial investments earn more than the deeming rates, the extra income is not counted when assessed.

QUESTION: **What are the current deeming rates?**

ANSWER: The current deeming rate for Single Pensioners is .25 percent on investments up to \$53,600 and 2.25 percent over that. For a Pensioner Couple, it is .25 percent on \$89,000 and 2.25 percent over that.

INCOME TAX

QUESTION: **Do I have to pay income tax or complete a tax return if I receive the full pension?**

ANSWER: Usually no - even though the Age Pension is a taxable payment. You generally do not have to pay income tax or complete a tax return if you only receive the pension. However, if you paid tax during the last financial year, then you should lodge a tax return. If this is the first time that you have not had to lodge a tax return then you should notify the Australian Tax Office that you will not be lodging a tax return in future years.

QUESTION: **Can I get help with my tax return if I am on the pension?**

ANSWER: Tax Help is a group of volunteers who are trained to help people on low incomes prepare their tax returns. This is a free service and available to anyone. For further information about Tax Help or tax offsets, phone the Australian Tax Office on 132 861.

QUESTION: What is the low income tax offset?

ANSWER: The low income tax offset (LITO) is a tax offset available to all taxpayers on lower incomes. The maximum LITO is \$700 for the 2020/21 and later income years.

If your taxable income is:

- \$37,500 or less, you will get the full offset of \$700
- between \$37,501 and \$45,000, you will get \$700 minus 5 cents for every \$1 above \$37,500
- between \$45,001 and \$66,667, you will get \$325 minus 1.5 cents for every \$1 above \$45,000.

WORK BONUS

QUESTION: What is the Work Bonus?

ANSWER: The Work Bonus is an incentive for pensioners over age pension age to participate in the workforce.

Under the Work Bonus, the first \$300 of fortnightly employment income will be disregarded from the income test for pensioners over Age Pension age.

QUESTION: Who is eligible for the Work Bonus?

ANSWER: All pensioners over Age Pension age are eligible for the Work Bonus if they have employment income.

QUESTION: How do I get the Work Bonus?

ANSWER: You do not need to apply for the Work Bonus but you will need to keep Centrelink up to date with your earnings. If you receive eligible employment income, Centrelink will automatically recognise this and include it in your assessment.

CARER PAYMENT

QUESTION: What is the Carer Payment?

ANSWER: Carer Payment may be paid to someone providing constant care to a person with a severe disability, medical condition or the frail aged. The care should be provided in the person's home, but it is not necessary for the carer and the person being cared for to live in the same home.

Carer Payment is subject to the same income and assets tests. A person cannot receive Carer Payment at the same time as another income support payment such as age pension, but in such cases may be eligible for other payments such as Carer Allowance.

Contact Centrelink on 132 717 for information on Carer Payment.

The person being cared for must need care permanently or for an extended period, but the carer and the person being cared do not have to live in the same home.

Carer Allowance, currently \$136.50 per fortnight, is not subject to an income or assets test. Carer Allowance can be paid in addition to an income support payment such as age pension. Contact Centrelink on 132 717 for information on Carer Allowance.

APPEALS

QUESTION: What can I do if I am unhappy with a Centrelink decision?

ANSWER: If you do not agree with a decision made by Centrelink regarding your entitlement to a pension or benefit, there are a number of avenues of appeal.

These standard avenues of appeal are usually required before other avenues can be taken up. At each point of the appeal, it is an opportunity for you to provide new information that may assist your appeal.

1) *Internal Review:*

The decision will be reviewed by an independent officer;

2) *Administrative Appeals Tribunal: (2 levels of appeal)*

The AAT is an independent tribunal. It has the power to change decisions but only according to the law and only after a review officer has reviewed the case. You should make an application to the AAT within **13 weeks** of being notified of the decision. If you apply more than **13 weeks** after being notified of the review officer's decision and the decision is changed, you may only receive your entitlement from the date you applied for a review.

There are two levels of review by the AAT. If you disagree with the outcome of the AAT first review, you may be able to apply for an AAT second review. You should make an application for an AAT second review within 28 days of receiving the AAT first review decision.

If you are unsuccessful after all levels of appeal
